THAT road unto the mountain's bound,
For which we've all been wishing,
Has closed its doors, shut up shop,
And coolly gone a fishing.
Now all the timber and the coal,
They get along its track,
They'll have to bring by wagon teams
Or tote it on their back.

MESSRS. J. C. EGNEW & Co., of Market street, have received a barge of pottery and stoneware.

ELEVEN new cases of smallpox were reported to the health office at Cincinnati, on Wednesday last.

ROBERT McCLELLAND, of Lewisburg precinct has contracted with John Epperhart for the building of a large tobacco barn.

The following from a Memphis paper is applicable to Kentucky:

EDWARD YOUNG, the young man who, in March, 1881 shot and killed George Ashmore and Clinton Campbell, of Georgetown, Ohio, committed suicide the other day at Memphis, Tenn., by taking morphine. He had been tried and acquitted on two indictments for murder in the first degree. An indictment for shooting with intent to kill was still pending against him, and would have been tried in a few days had he not ended his career on earth in the manner reported. He was but nineteen years of age, a bright and intelligent youth, and has been spending part of the time since his acquittal, attending one of the leading business colleges of Cincinnati. His sad and tragic death should be a warning to the reckless youth of our land.

THE Mexican government has offered a reward of \$300 for the scalp of each hostile Indian. Large numbers of hostile Apaches are reported hurrying from that country into New Mexico. Verily the poor Indian is being hunted down with a vengeance. If one or two other governments now were to hold out such rewards for Indian scalps, the poor "child of the forest" would ere long be numbered among the things that were.
